### Golf Cart Rental Policies

Renter must possess a valid Driver's License.

Prebooking: 20% of the total rental cost is required to hold your reservation.

An open credit card imprint is required on pick-up date for security reasons and in the event of accidental damages to the cart. (If you have left your credit card on file at check-in with frontdesk then that works.)

All carts are provided with a full tank of gas and should be returned with a full tank. If cart is returned without refueling, then an additional gas rate applies.
